DENTIST
Bella's dentist appointment went well today. They cleaned her teeth and took X-Rays. Dentist said she is developing cavities on her left side, in the back. He said we need to help her floss and snack less during the day, especially sugar.
Her next appointment is March 21 at 3:30.
In their OSC full of lies they claim I didn't tell W about a dentist appointment. I told him in September about it, no response from him
Let's deal with that separately
Ok
I feel stressed, it's so disgusting that they would ask to terminate my custody. How

Just relax. They are unreasonable & actually a danger to Bella.
Let's ask for a psyche report by Paglini.
I agree, let's ask for a report

Thank you I just saw. I'm working on our opposition and OSC

Luba - I think this might be Almase code for "keep it as simple as possible"
He has 2 things (1) Mexico trip which we can easily explain (2) dentist - for a 5 year old!

Let's respond to his, then have a VERY simple counter OSC.

Ok. I'll finish up the OPP and then do a separate OSC

Deadly Attack Exposes Growing Threat in Mexico: the Military

dnyuz.com

Mr. Ramos's organization has documented 18 cases of human rights violations linked to the military since 2018, including executions, rape and torture of civilians. But only one has gone to trial.

In one case, a 4-year-old girl, Heyd[illegible] Mariana, was shot and killed last August when the car she was riding in came under fire from soldiers. At least 16 bullets ripped through the vehicle.

The military said the girl was killed during a confrontation with criminals, but has not provided evidence. No one has been charged in the case.

"My daughter was going to kindergarten," said the girl's mother, Cristina Rodríguez,

This is exactly what I worry

Perfectly understandable

So has appeal time run on the BK judgment? I think it has. You can record it with the recorder if they haven't paid

I am still waiting to talk to Chris. Have you been able to talk to him?

So, what happened?

Hi Ben, it was a tough day. We have to go back in October. The burden of proof was shifted on me and now I have to prove why I should not lose 50% custody. I have a different recollection of what was advised to me on March 15, but that's fine. I have a battle ahead of me.

Read Tuesday

Just say that you met with me & Bob Lueck & we said that you need to protect Bella since he wasn't abiding by the agreements which they acknowledged. But it was not intended to violate the order -the order was clarified that the CBX tickets were part of the itinerary & he never provided them.

Since the presumption is joint /

Since the presumption is joint / joint & she's doing fine, that's your best proof. The absolute worst part is having to deal with Grimes. He's soooooo miserable.

I talked to Bob.
Don't give him the passport unless it's a flight from here & you have full itinerary

As someone who is all too familiar with that border crossing because I do mostly immigration. I would say not a snowball's chance in h***.

I get it, it will cost dad 80% less flying within MX. Entering MX won't be that big a deal. Getting back in will be. Waits can be 6 or 8 hours long and during that time, they are at the criminals mercy on the Mexican side.

I will spare you all the details of what has happened to some of my clients. Suffice it to say they will be scared for life.

Which is fine with the mother if he flies from here. But he wants to walk across in Tiajuana and then fly from there. Given the State Deptment travel warning, set forth below, Mom doesn't consent, and she has the passport.

Thoughts?

Father is from Mexico and custody order is silent about this issue, other than notice and provision of itinerary

March 26, 2024

Friday, March 10, 2023 my daughter Luba and I went to Benjamin Childs' office. I witnessed Ben stating multiple times how dangerous the Mexican border was at that time. He showed me different articles from the news. I also met Bob Leuk, who is a former Family Court Judge. Both, Ben and Bob told my daughter that she needs to protect [redacted]

After Luba and I left the office, Luba was stressed and kept saying "I don't know what to do. I am scared of the family court, and I'm scared to let [redacted] drive through the Tijuana border. I don't want to make the judge mad; Enrique won't work with me and I don't know what to do."

On March 15, 2023 when Luba came home after the meeting with Ben and the Judge Almase, I saw her stressed and scared. She told me that Ben advised her not to drop [redacted] off with Enrique.

I, Philip Dace, spoke to Luba on the phone on March 15, 2023, approximately at 9:30 am. I was on a speaker, and I heard Benjamine Childs state the following:

"Enrique is not going to follow through with the agreement and you (Luba) CAN NOT and SHOULD NOT release [redacted] to him."

Luba was very nervous. Ben stated the following:

"Bob and I know how to deal with the judge, but we cannot help you (Luba) if something happens to [redacted] at the border."
